Total Experience: 3+ years

Notice Period: Immediately

Professional Summary

Detail-oriented and highly motivated **Frontend Developer** with over 3 years of experience in developing responsive, scalable, and performant web and mobile applications. Specialized in **React.js**, **Next.js**, **React Native**, and **Angular**, with strong understanding of **clean architecture**, **UI/UX best practices**, and **mobile-first design**. Experienced in backend integration using **Node.js** and **.NET Framework**, and skilled in Agile collaboration. Improved app performance and UI responsiveness, resulting in a 30% increase in user engagement across web and mobile apps. Actively seeking a frontend role where I can contribute technical expertise, drive UI/UX innovation, and collaborate with fast-paced product teams to deliver scalable, user-first digital experiences.

Technical Skills

Frontend Development:

React.js, Next.js, React Native (Expo), Angular, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, Chakra UI

UI/UX & Design Systems:

Figma, Adobe XD, Photoshop, Responsive Design.

State Management:

Redux Toolkit, Context API, React Query

Performance Optimization:

Lazy Loading, Code Splitting, React.memo, Image Optimization, Modular Component Architecture

Backend Integration:

Node.js, .NET Core, REST APIs, Firebase Auth, Firestore

Databases:

PostgreSQL, MySQL, MongoDB, Firebase

DevOps & Tooling:

Git, GitHub, GitHub action, Docker, Webpack, Babel, CI/CD, Jest, Expo CLI

AI & Machine Learning:

TensorFlow, AI Model Training, Chatbot Development, Vercel Database for AI Data.

Formal Education

University of Science and Technology | **Khartoum**, Sudan
B.Sc. Information Technology

Oct,2013 – Aug,2018

Previous Work Experience:

Frontend Developer

BetrBeta – Dubai, UAE | Feb 2025 – Present (Part-Time)

- Built and contributed to scalable open-source projects using **Next.js** and **React**.
- Participated in Agile sprints and code reviews, maintaining clean, reusable codebases.
- Enhanced UI responsiveness and implemented SSR/ISR techniques with Next.js.

Frontend Developer (Next.js)

Estasher – Dubai, UAE | Dec 2024 – Present (Contract)

- Developed and launched a responsive **admin dashboard** with optimized performance.
- Integrated frontend with **.NET backend APIs**, ensuring seamless user experience.
- Delivered pixel-perfect UI using Figma designs with accessibility in mind.

Frontend Engineer (React Native)

Patrol – Dubai, UAE | Sep 2024 – Mar 2025

- Developed a **cross-platform** mobile app for iOS, Android, and Web using **Expo**.
- Integrated APIs from a .NET backend and optimized mobile UX for speed and consistency.
- Implemented custom components and animations using Reanimated and Gesture Handler.

Frontend Engineer (Flutter)

Bashaer | Dubai, UAE | May 2024 – Nov 2024

- Built a **fuel product ordering app** using Flutter and Dart.
- Collaborated with backend teams using **Node.js** and **.NET Core APIs**.
- Focused on delivering smooth UX and improving app reliability on Android & iOS.

Customer Service Associate (Second Job)

Emirates Post – Dubai, UAE | May 2024 – present

- Handled customer inquiries, shipment tracking, and service support.
- Improved customer satisfaction through clear communication and problem-solving.
- Worked with internal systems to manage packages, records, and service requests.
- Collaborated with regional teams to enhance service delivery.
